My name is _____. I am a S1 Hello. My best friend at school is Bella. student. She is a class monitress. She is always helpful. She never forgets her homework. Bella and I often practise volleyball on Saturdays. We like the same things - playing online games and reading comic books. We both have rope skipping training on Mondays. We belong to the Photography Club and we have meetings every Thursday after school. Our favourite subject is Integrated Science because we can do a lot of interesting experiments in the lessons.
