小六升中模擬面試 - 英文朗讀篇章

Hello. My name is William. I am a S1 student. My best friend at school is Joseph. He is a class monitor. He is always helpful. He never forgets his homework. Joseph and I often practise basketball on Sundays. We like the same things – playing online games and reading comic books. We play football on Mondays and go swimming on Fridays. We belong to the Drama Club and we have meetings every Thursday after school. Our favourite subject is Integrated Science because we can do a lot of interesting experiments in the lessons.
